V. Governance

Working on a number of things. By Laws and Policies to line up with the contract.

Cooperating with Federal and State laws as well. Worked on Voyager Conflict and

Complaint procedure and want the Board to vote on that. George – where are the policies stored? Diane – All policies should be on the website by July 1st. Working on the binder of

all the By Laws for all the Board. Lisa can send out what we do have. C&C to streamline and reporting for teacher to send to union channels and to where the Board will not be too

involved. Board will review and discuss at the next meeting. By Laws – may need to look at the compositions of the members and who they are representing. Look at length of the terms. Safety issues – policy on Natural disasters but not on vandalism, bullying, etc.

Went through all the different policies and reviewed. There needs to be some tightening up on handbooks for teachers and parents. Jeff read them and they are not aligned. VII. New Business

- A. This was Diane Anderson's last meeting as chair. Her many contributions throughout the year on behalf of Voyager were recognized.

New chair George Moyer provided transition notes and leadership principles to the Board. George mentioned that there may be two special board meetings, this year; one in the fall and one in the spring dealing with strategic planning, and enrollment policy. Lisa Ota, Vice Chair will lead this effort.

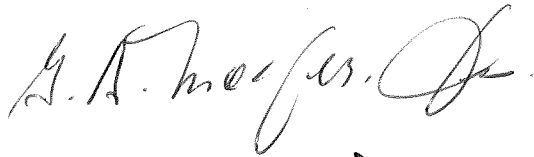

- B. Jeff – Academic excellence, parent community, positive culture on the campus. I am looking at a strategic plan. I created one and created an evaluation on quarterly audits that meets the students needs as an individual. Working towards 12 smart roles. I was able to work on 5 of the

roles. I am hopeful by the end of August that the Strategic Plan will be provided to Board and to hold us accountable on this Site Level. A little bit of culture and climate change but the second we come to agreement, I follow through and am accountable. I believe we can do this but do need checks and balances with the Board. This is my year-long goal. Establish procedures (SOPs) and this Board can do a lot more pieces of what we want to do. I can handle this site council; that's what I can do.

George – Board Member list. There may be two extra meetings on strategic planning and enrollment process.

Adjourned 7:33 p.m.

Next meeting is August 7, 5:45 p.m. at Voyager.
