Notes from the Principal:

Please remember that your child will not be served a lunch if he/she does not have money in his/her account. If you make a drop box deposit (cash or check) please allow one day to process your payment. For example, you will not be able to order school lunch, if you send your child to school with \$4.50 cash or check, for that day. You'll need to have money in your account, if you want to order a lunch for that day. If you pay online, you need to deposit money, in advance, into your child's account. PayPal takes 2-3 days to clear, so if you make a deposit on a Monday, funds will not be available in your child's account until Wednesday, at the earliest. You must include your child's name in the PayPal notes, otherwise we will not know who's account to deposit the money into. Please plan accordingly so that your child doesn't go without a lunch or send your child with a home lunch until your account has a positive balance.
